CAREER OBJECTIVE

Motivated Computer Science Engineering student with a keen interest in emerging technologies and software development.

Seeking opportunities to apply problem-solving skills and creativity to build impactful solutions while continuously expanding technical expertise.

WORK EXPERIENCE

MERN stack developer • Internship

AIM technologies, Kakinada

[May 2025 to July 2025]

- Build and maintain full-stack web applications using the MERN stack (MongoDB, Express.js, React, Node.js).
- Developed responsive, user-friendly interfaces with React, HTML5, CSS3.
- Implement RESTful APIs and integrate with MongoDB for efficient data storage and retrieval.
- Optimize both front-end and back-end performance for speed, scalability, and cross-browser compatibility.
- Collaborate in an Agile environment and stay current with emerging web technologies and best practices.

• Software Developer Trainee

Actively training as a Software Developer while independently handling real-world projects, including **multi-method payment gateway integration** and **double-entry bookkeeping systems**, gaining hands-on experience in backend logic, APIs, and financial workflows.

EDUCATION

Bachelor of Technology in Computer Science Engineering

Aditya Engineering College, Andhra Pradesh | 2023-2027

Current CGPA: 9.25/10

Intermediate (Class XII) – MPC

KSN Junior College, Andhra Pradesh | 2021 | 98%

Secondary School Certificate (Class X)

DEF High School, Andhra Pradesh | 2019 | 9.7/10

TRAININGS / CERTIFICATIONS

MERN Stack Developer

May 2025 - Jul 2025

AIM technologies, Kakinada

PROJECTS

1) Self-Care Tracking System | HTML, CSS, JavaScript

- Designed and developed a responsive web application to help users monitor daily self-care activities.
- Implemented interactive UI components and local storage to track habits and visualize progress.

SKILLS

- Programming Languages: C, Python, Java, JavaScript, Dart
- Web Development: HTML5, CSS3
- Mobile & Backend Development: Flutter, Firebase
- Tools & Platforms: Git/GitHub, VS Code, Android Studio, Antigravity
- Other: Problem-Solving, Teamwork, Communication, Adaptability

ACHIEVEMENTS & CERTIFICATIONS

- Participant – Smart India Hackathon 2024
- Participated in various hackathons showcasing problem-solving and coding skills
- 5★ Badges on HackerRank in C, Python, Java, and Problem Solving
- Completed programming language certificates (C, Python, Java, etc.)

Extracurricular Activities

- Volunteered in organizing college technical and cultural fests
